

1.3 CURRICULUM ENRICHMENT

EMMANUEL COLLEGE VAZHICHAL

1.3.2: PERCENTAGE OF STUDENTS UNDERTAKING PROJECT WORK/FIELD WORK/
INTERNSHIPS (DATA FOR THE LATEST COMPLETED ACADEMIC YEAR)

EMMANUEL COLLEGE

VAZHICAL THIRUVANANTHAPURAM

A Latin Catholic Institution | Affiliated to the University of Kerala

Our college has been committed to providing a comprehensive and enriching educational experience to its students. One of the key components of this commitment is the integration of practical exposure through project work, internships, and field visits across various disciplines. This report aims to highlight the significance and success of these initiatives in fostering a holistic learning environment.

Project Work for UG and PG Students:

In the final year of both undergraduate (UG) and postgraduate (PG) programs, students at Our college engage in project work that serves as a culmination of their academic journey. This hands-on experience allows them to apply theoretical knowledge to real-world scenarios, fostering critical thinking, problem-solving skills, and creativity.

Internships for 1st-Year PG Students:

Recognizing the importance of early exposure to industry practices, Our College has implemented an internship program for 1st-year PG students. This initiative enables students to bridge the gap between academic learning and practical application, preparing them for the challenges of the professional world. The internships are carefully curated to align with each student's academic specialization, ensuring relevance and depth in their learning experience.

Field Visits for All UG and PG Students:

Field visits are an integral part of the academic calendar at Our College, providing students with exposure to different industries, cultures, and environments. These visits are carefully planned to complement the curriculum and enhance the overall learning experience. Whether it is a historical site, a corporate office, or a research facility, students benefit from first-hand observation, interaction with professionals, and a deeper understanding of their subjects.

Benefits and Outcomes:

The initiatives undertaken by Our College have yielded numerous benefits for students, creating a well-rounded educational experience. Participants in project work, internships and field visits consistently report increased confidence, improved problem-solving abilities, and a smoother transition into their respective career paths. Furthermore, employers often express satisfaction with the practical skills and industry awareness exhibited by graduates from Our College, emphasizing the positive impact of these experiential learning opportunities on employability.
