## VISION & MISSION

★ **Our Motto**  
"Train to Live and Serve"

★ **Our Vision**  
Creation of a fully developed human society through a process of imparting of knowledge and training and inculcating human values.

★ **Our Mission**

- ★ To impart comprehensive knowledge and cutting edge technology and facilitate deepening of experience in all relevant fields so as to enable candidates to enhance their competency to meet the global requirements.
- ★ To facilitate a drive towards scientific and technological advancement, stimulate research and combine efforts for global sustainable development.
- ★ To motivate the young generation to translate their knowledge and experiences towards sustainable development of the society.

★ **Our Goal**  
"We aim at facilitating the emergence of a fully developed and socially committed generation."

★ **Our Objectives**

- ★ To impart students comprehensive knowledge and cutting edge technology in a student friendly environment so as to enable them to become fully developed human beings and attain optimum competency.
